### DARYL FRANK

1. I am a long time resident of Kitscoty having resided here for 33 years.
2. We did not want to raise our family in Lloydminster, so once we were expecting we built a home in the Village. We enjoyed the quiet, safe community where you knew your neighbours. Ellen, my wife, was raised in Kitscoty so this was home for her.
3. Ellen and I are very close to being “empty nesters”! We have raised our six children in Kitscoty. Our youngest daughter is now in Grade 12 at Kitscoty High School. I have worked at Nelson Homes for the past 37 years as a Sales Representative.
4. I thoroughly enjoy watching the Blue Jays, Eskimos and Oiler games. I am working on developing my woodworking and gardening skills. I like to bowl and golf and enjoy all the time I can spend with my three grandchildren.
5. I was a member of the Kitscoty Fire Department for 25 years, Scout leader for many years and coached bowling and soccer as my children grew up. I have been a director for *East Central 911*, Lloydminster Region Housing, *Northern Lights Library* and *Walking Through Grief Society*.
6. I have heard many visitors comment on what a great community we live in. They see a clean, tidy Village with residents who take pride in their homes and yards. I believe the Village is great because it is filled with great

people, volunteers who pull together to meet the needs of the residents.

7. The challenges I see are increasing costs of core services, constantly changing government regulations, lack of provincial and federal funding and aging infrastructure.
8. A growing, sustainable community that is fiscally and environmentally responsible, that provides desired services and recreational opportunities to its residents who will enjoy a quality lifestyle.
9. I have a vested interest in this community and care about what happens to it. I want to be part of its future going forward to ensure that decisions made will make our Village sustainable for future residents.
10. I believe that I have the ability to listen to residents, gather information and make a sound decision that will best serve the interests of all residents in Kitscoty. I bring my past Council experience as well as my strong desire to see the Village thrive in the future.
